To Whom it May Concern

Dear Sirs

Re: Don Valley Engineering Co. Ltd. - Screens

We write in connection with the above machines supplied by Don Valley Engineering which we have used within UK Coal and at Kellingley Colliery in particular over the past 25 years.

We have always found the machines supplied by Don Valley Engineering Co. Ltd. to be of the highest quality and reliability and they are the machine of choice throughout the UK Coal Industry.

In addition to the supply of high quality and reliable machines Don Valley Engineering also provide an excellent service and maintenance service which ensures that our machines are kept fully productive throughout the machines life span, which have exceeded 20 years on our site if operated and maintained correctly.

We would recommend the used of Don Valley Engineering Co Ltd machines to anyone in the coal industry who needs machinery on which they can rely.

Yours faithfully
